

37th IFSCC Congress
13–16 September 2027

Messe and Congress Center Basel

Sponsoring Manual

Version: 07 August 2026

Welcome to IFSCC Congress 2027

**“Unlock around the clock,
cosmetics for a diverse world”**

is the motto of the 37th IFSCC Congress 2027,
which is hosted by the Swiss Society
for Cosmetic Chemists.

A diverse world with its multiculturalism, the demand of new generations and the diversity of different skin and hair types offers amazing opportunities to grow. The modern society looks for science that connects research and emotion, released by the scientific teams around the world, all the time, around the clock.

Basel, Switzerland, is a well-known city for a long history in Chemical Industry, easy to reach by plane, train and a network of motorways, the ideal city to host this IFSCC Congress.

The 4-day congress programme will dig into the latest research of all cosmetic disciplines and bring together the international community of cosmetic scientists.

The SWISS SCC invites you to explore the marketing opportunities of this prestigious and unique event.

Decide now and join the IFSCC Congress 2027.

Become a Sponsor

- ✓ Get exposure to as many as **1000 participants**.
- ✓ Connect with clients at your **booth**.
- ✓ Host and communicate with key accounts in your **hospitality room**.
- ✓ Be part of an **extensive global marketing campaign**.

Venue

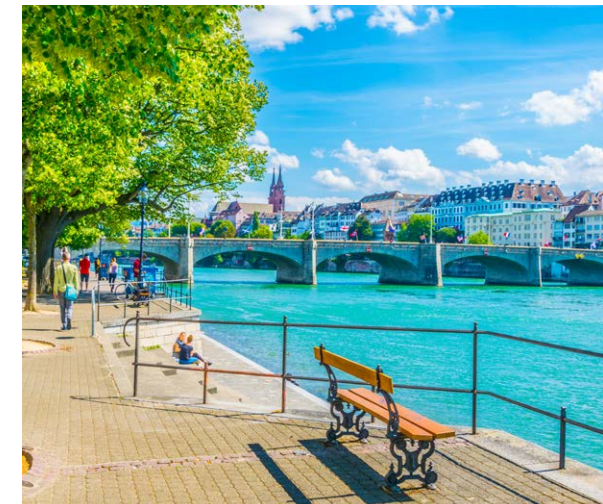

The conference venue will be the Messe and Congress Center Basel, nicely located close to the famous river Rhine and the old city with beautiful and ancient buildings.

Beside the perfect access and congress equipment of the Congress Center, Basel itself is a place of exciting contrasts. A city with historical buildings next to modern architecture. Where a young and dynamic art scene exists alongside world-renowned museums.

You just have to experience the scientific congress and Basel for yourself, we are looking forward to welcoming you in Switzerland soon.

About the IFSCC

The International Federation of Societies of Cosmetic Chemists is a worldwide federation dedicated to international cooperation in cosmetic science and technology.

Interest in the formation of such an organisation crystallized in Paris in 1956 and culminated in the birth of the federation in Brussels, Belgium on September 8, 1959. At that time there were only 8 countries entering the Federation.

Today, **51 Societies representing 81 countries** have met the high standards of scientific and educational qualifications of the IFSCC and support the organization's aims and programs. The number of individual members in the Federation now exceeds 16,000 and we are still growing.

The IFSCC continues to grow as the cosmetic industry expands worldwide. As new Societies develop in Eastern Europe, Asia, Africa and Latin America, they will be welcomed into the Federation as they qualify for membership.

About SWISS SCC

The SWISS SCC (Swiss Cosmetic Chemists) is a member of the IFSCC. It gives an overview about cosmetic subjects with scientific arguments when of public interest. It seeks the connection and enforces a dialogue to other associations linked to the subject, public authorities and media.

Regular meetings are an annual meeting, a yearly formation day, the Winter Seminar with an over 30 year tradition and the participation in the Forum Cosmeticum of the German Speaking countries Austria, Germany and Switzerland.

As part of the responsibility within the IFSCC the SWISS SCC will be the host of the IFSCC Congress 2027 in Basel.

The SWISS SCC fosters research and science as well as technical developments in the area of cosmetics. It publishes the obtained insights for the public good. It sees itself as a service provider for all kind of information in the area of cosmetics and collects information to provide it to all members.

The SWISS SCC keeps the contact with specialists in the area of cosmetics and fosters an interdisciplinary exchange with universities and universities of applied sciences, test institutes, clinical research, dermatology and toxicology.

The SWISS SCC supports every generation of cosmetic chemists on their way into a diversified and versatile profession.
